Professional Summary

Enthusiastic Front-End Developer (Fresher) with a strong foundation in HTML5, CSS3, JavaScript, React.js, and Bootstrap. Successfully completed Front-End Development training at FITA Academy, gaining hands-on experience in developing responsive and interactive web applications through real-world projects. Currently expanding expertise in Python, Node.js, and Django as part of a Full Stack Development journey. Passionate about building user-friendly, high-performance web applications with clean and maintainable code. Strong problem-solving, analytical, and teamwork skills, seeking an entry-level Front-End Developer opportunity to contribute to innovative projects while continuously growing as a Web Developer.

Technical Skills

- **Programming Languages:** HTML5, CSS3, JavaScript (ES6), TypeScript, Python
- **Frontend:** React.js, Bootstrap, Responsive Web Design
- **Backend:** Node.js (Learning), Django (Learning)
- **Databases:** MySQL, MongoDB (Learning)
- **Version Control:** Git, GitHub
- **Development Tools:** Visual Studio Code, PyCharm

Projects

E-Commerce Website

HTML5, CSS3, JavaScript, Bootstrap

- Developed a responsive e-commerce website using HTML5, CSS3, JavaScript, and Bootstrap.
- Designed product listing pages with a clean and user-friendly interface.
- Implemented product search, category filtering, and Add to Cart functionality using JavaScript.
- Optimized the website for desktop, tablet, and mobile devices using the Bootstrap Grid System.

To-Do List Application

React.js, JavaScript

- Developed a responsive task management application using React.js.
- Implemented Add, Edit, Delete, and Complete task functionalities using React Hooks (`useState`).
- Created reusable React components for efficient code organization.
- Managed application state to deliver a smooth and interactive user experience.

Student Management System

Python, Django

- Developed a web-based Student Management System using Python and Django.
- Implemented CRUD operations to manage student records efficiently.
- Developed secure user login and authentication using Django's built-in authentication system.
- Integrated the application with a database using Django ORM for efficient data management.

Professional Training

FITA Academy, Chennai

Full Stack Web Development

- Completed comprehensive training in Full Stack Web Development with practical project experience.
- Gained hands-on experience in developing responsive web applications using modern frontend and backend technologies.
- **Frontend:** HTML5, CSS3, JavaScript, TypeScript, Bootstrap, React.js
- **Backend:** Python, Django
- **Database:** MySQL
- **Version Control:** Git, GitHub
- **Development Tool:** Visual Studio Code
